

CARPET PROTECTANT

Carpet & Upholstery Protectant 

CARPET PROTECTANT has revolutionary technology of excellent oil and water and alcohol repellency. As a result, carpet and upholstery that have been treated with this product will have exceptional soil resistance and great soil and stain release performance. It will impart soil and stain resistance that is as good as or better than the original mill applied protector. It also meets all V.O.C. regulations and complies with carpet manufacturer’s guidelines for “Wet Side” cleaning.

DETAILED USAGE & INSTRUCTIONS

As with all cleaning products, always check for colorfastness on carpeting and upholstery in an inconspicuous area before using these products.

DIRECTIONS FOR USE: Apply Carpet Protectant only to new carpets or recently cleaned carpets. If it is desired to treat a carpet immediately after cleaning, it is not necessary to dry the carpet before application. Do not dilute. Apply with a pump up type sprayer for small areas. Adjust sprayer to deliver an extremely fine mist and spray evenly over the carpet. Apply at the rate of 400 to 600 square feet per gallon, depending on carpet pile density. After application, allow carpet to air dry before walking on it or replacing furniture.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / Color	Slightly Opaque Blue
Odor.....	Baby Powder
Shelf Life	2 years
Solubility in Water	Complete
Foaming	None
pH	5.8 ± 0.005
Specific Gravity	1.0 ± 0.005
Storage Temperature.....	45-110 °F

FEATURES & BENEFITS

- Effective Against Either Water or Oil Based Soils
- Prevents Soils From Penetrating Into Fibers
- Keeps Carpets Looking Cleaner Longer
