

AIR FRESHENER

Air Freshener/Neutralizer

PRODUCT DESCRIPTION & BENEFITS

Deodorant products cannot eliminate odors where the odor generating source is left undisturbed. But to eliminate odors that may linger after cleaning, use AIR FRESHENER. Wipe it onto small surfaces, spray it onto walls, floors, etc., or mist it into the air. The effect will be immediate—cleansed, refreshed air. The residual effect can last for days. Airborne odors often make even recently cleaned rooms uninviting. These odors may come from remote unidentified sources, and AIR FRESHENER is the only solution. The fragrance is pleasing. A fresh, clean scent; not an overpowering floral, spice or fruit. AIR FRESHENER, that important step that keeps rooms pleasant and inviting.

DETAILED USAGE & INSTRUCTIONS

DIRECTIONS FOR USE: Fill trigger spray bottle from wall mount unit. Spray #12 Air Freshener solution onto fabric in an even mist until the surface feels slightly damp. Odors will disappear as #12 AIR FRESHENER dries. For difficult odors, reapply after the first application has dried completely. #12 AIR FRESHENER may be applied as often as needed.

WALLMOUNT OPERATING PROCEDURES: TO LOAD WALL MOUNT: Turn on water source to wallmount unit. Uncap the reload cartridge. Firmly place one hand on top of the wall mount dispenser. Holding the APM cartridge from the bottom, push it UP into the APM wallmount dispenser until the cartridge locks into place. Let go of the APM cartridge. Check that the APM cartridge is securely in place by pulling down gently. Turn wallmount valve to “ON” position. Fill to desired container level. TO UNLOAD WALL MOUNT: Make sure wall mount unit valve is in the “OFF” position. Place one hand under the existing reload cartridge and press the red “To Release Cartridge Press” button and allow the APM cartridge to drop down into your hand. Place the cap back on cartridge and put back into storage rack. If cartridge is empty, discard according to local, state and federal regulations. Shut off water source to wall mount unit.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / ColorColorless
OdorFresh
Shelf Life2 years
Solubility in WaterComplete
FoamingNone
pH7.5 ± 0.05
