

# ALL SORB

## Spill Absorbent

### PRODUCT DESCRIPTION & BENEFITS

All Sorb is a lightweight amorphous aluminum silica that encapsulates liquids. It is used to clean up liquid and semi-liquid spills in retail, institutional, commercial, industrial and manufacturing buildings and grounds. All Sorb is not flammable and can be incinerated. Incineration at 2400°F reduces All Sorb to approximately 20% of its original volume. However, before incineration check the SDS for the liquid that has been absorbed to see if it can be safely incinerated. All Sorb is non-toxic to humans, animals and plants.

### DETAILED USAGE & INSTRUCTIONS

#### STEPS:

- (1) Place WET FLOOR signs around area to be cleaned.
- (2) Pour ALL SORB on the outside edge of the spill surrounding it on one side.
- (3) Using a brush with stiff bristles, begin on one side and start to work ALL SORB into the spill using a circular motion. If spill is not completely absorbed, or if ALL SORB is gummy, you may need to add a little more All SORB to the spill.
- (4) Using a broom and dustpan remove ALL SORB from the floor surface. Check to make sure floor is completely dry. If not, sprinkle a small amount of ALL SORB on the floor, brush with circular motion, and remove with dust pan.
- (5) Dispose of used ALL SORB material following the Safety Data Sheet recommendations and applicable Federal, State and Local regulations for the liquid absorbed.

**NOTE:** ALL SORB should never be used to absorb Hydrofluoric Acid.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

#### TECHNICAL SPECIFICATIONS

Appearance / Color.....White Powder  
Odor .....NIL  
Shelf Life .....2 Year Minimum  
Foaming .....None  
Solubility in Water.....Insoluble  
Storage Temperature.....45-110 °F

#### FEATURES & BENEFITS

- Simply Sweep Up Spills
- Leaves Floors Clean and Dry
- Saving comparison based on disposal weight and volume:
  - VOLUME: All Sorb costs 2 to 2 1/2 times less
  - WEIGHT: All Sorb costs 3 1/2 to 4 times less
