First aid measures for different exposure routes

- General advice** Show this safety data sheet to the doctor in attendance.
- Eye contact** Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

Skin contact	Remove any contaminated clothing and wash before re-use. Wash with water for 10-15 minutes. If skin irritation persists, see a physician.
Inhalation	If qualified give oxygen or artificial respiration as needed.
Ingestion	Do not induce vomiting unless directed by a physician. If conscious and alert, give two glasses of water. Seek medical attention immediately.
Protection of First-aiders	Do not use mouth-to-mouth method if victim ingested or inhaled the substance; induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.
