

# MARK TAN

## Acid Rinse Detergent

### PRODUCT DESCRIPTION & BENEFITS

**MARK TAN** safely removes coffee, tea, urine, wine, grass, fruit, soft drinks, and other tannin type brown or yellow stains. Excellent for removal of "browning" caused by shampoo residue build-up and overwetting. Before using any spotter test it on the carpet to be cleaned. Apply a few drops in an inconspicuous area. If color or fiber texture changes, DO NOT proceed. Call your supplier. After testing MARK TAN, always apply a few drops of shampoo to area, work into fibers and blot.

### DETAILED USAGE & INSTRUCTIONS

It is recommended that protective gloves and eyewear be worn when using this product.

**DIRECTIONS:** Use full strength and apply a few drops to stained area. Let MARK TAN penetrate, then work into carpet fibers with a scraper. Add a small amount of water and blot with white

cotton toweling. Repeat until stain is removed. **IMPORTANT:** After using MARK TAN, always neutralize by applying a few drops of shampoo or MARK PRO, work into spot and blot excess with a white towel. MARK TAN is also used to eliminate water spots and browning caused by overwetting and/or shampoo residue. Mix 8 ounces MARK TAN to each gallon of water and apply with a pump-up type sprayer or carpet shampoo machine. **IMPORTANT:** This product will remove the brown or yellow discoloration immediately and must then be flushed off the carpet using hot water extraction or normal shampooing.

**EXTRACTION RINSE:** Dilute MARK TAN 1:32/4oz per gallon of water to eliminate shampoo residue build-up in the carpet. ounces per gallon of water spray on white wall tires, scrub, rinse. off.
