

MIGHTY GREEN

Heavy Duty Floor Cleaner and Degreaser

PRODUCT DESCRIPTION & BENEFITS

MIGHTY GREEN provides a remarkably new concept in cleaning and degreasing. It dissolves tough food and animal fat and petroleum oils and greases without the use of misting, high odor solvents. Since it works on so many kinds of soils, it eliminates the need for expensive, limited use products such as kerosene type degreasers, butyl cleaners, alkaline cleaners, etc. Surfaces cleaned rinse free without a film or haze. **MIGHTY GREEN** emits no objectionable odors in use like many solvent-type cleaners. Minimal alkalinity makes it safer for both skin and clothing. Mop, spray or wipe on and wipe or rinse off as required. **MIGHTY GREEN** works excellently through automatic scrubbers on concrete and through pressure sprayers. It may also be used as a hot tank cleaner.

DETAILED USAGE & INSTRUCTIONS

Apply by mop, spray or other suitable means, such as sponge or cloth. Allow **Mighty Green** to penetrate soil. Scrub with floor machine or manually with brush or sponge. Pick up foam. (On floors, use squeegee and wet dry vac, or mop foam into bucket of clear water. Excessive foam in the wet dry vac can be controlled by anti-foams.) Rinse with hot water spray.

NOTE: Wear rubber or plastic gloves for manual cleaning. Metal surfaces should be rinsed immediately.

Dispensed System Operating Procedures: Turn on water source to wall mount unit. Uncap the reload cartridge. Firmly place one hand on top of the wall mount dispenser holding the cartridge from the bottom, push it up into the wall mount dispenser until the cartridge locks into place. Check that the cartridge is securely in place by pulling down gently. Turn wall mount valve to "ON" position. Fill to desired container level. **TO UNLOAD WALL MOUNT:** Make sure wall mount unit valve is in the "OFF" position. Place one hand under the existing reload cartridge and press the red "To Release Cartridge Press" button and allow the cartridge to drop down into your hand. Place the cap back on cartridge and put back into storage rack. If cartridge is empty, discard according to local, state and federal regulations. Shut off water source to wall mount unit.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / ColorClear Blue
OdorQuaternary
Shelf Life2 years
Solubility in WaterComplete
FoamingMedium
pH10.5 ± 0.3
Specific Gravity1.014 ± 0.005
Storage Temperature45-90 °F

FEATURES & BENEFITS

- Free Rinsing
- Film Free
- Ideal for Resilient Floors, Walls, Concrete Floors and Woodwork
