

PIVOT

Premium Laundry Detergent

PRODUCT DESCRIPTION & BENEFITS

This rich, viscous liquid represents the latest in the development of liquid surfactants. PIVOT will not damage sensitive fabrics. It rinses well and will not build up on fibers. Colors stay bright and whites will not gray. No harsh acids or alkalis are contained to be unsafe for the operator or to damage delicate machine parts. In combination with a builder/break, destainer, neutralizer and softener it yields remarkable performance on any fabric. It may also be used in household type machines at levels far below powders. PIVOT flows smoothly through feeding equipment and will not separate or clog pumps. It causes no deterioration to pump seals or tubing.

DETAILED USAGE & INSTRUCTIONS

DOSAGE: Open container carefully. Remove pickup tube from empty container and insert into new container being careful not to drip any product on skin or clothing. If air pockets are present intubing leading from container to dispenser or from dispenser to laundry machine, prime dispenser to completely fill tubing. Dispenser is programmed to add PIVOT to correct machine cycle in the proper amount.

See your Cynamic Chemical Company sales/service representative for specific laundry handling.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / Color	Green
Odor.....	Citrus
Shelf Life	2 years
Solubility in Water	Complete
Foaming	None
pH	9.0 ± 0.05
Specific Gravity	1.042 ± 0.005
Storage Temperature.....	45-110 °F

FEATURES & BENEFITS

- The Highest Concentration
- No Harsh Alkalis or Acids
- May Be Used in Household Machines
- Contains Optical Brighteners
- Compatible With Chlorine or Oxygen Bleach
- May Be Used With Cold, Warm, or Hot Water
- Versatile; May Be Used as a Presoak or Pretreat
