

SIMPLICITY

Easy to use Multi Purpose Floor Finish

PRODUCT DESCRIPTION & BENEFITS

SIMPLICITY, as the name suggests, simplifies your floorcare program. It seals and finishes all types of flooring, provides a beautiful clear gloss, is extremely durable and is simple to use.

COVERAGE: 2000-2500 sq.ft./gal. for proper film formation

DETAILED USAGE & INSTRUCTIONS

STRIP & RE-COAT: (1) Dust mop entire area to be stripped. Remove gum labels and sticky waste with a scraper. (2) Place "Wet Floor" signs around area to be stripped. (3) Use Cynamic brand floor stripper. Refer to use dilutions on floor stripper label. (4) Liberally apply stripping solution to the floor. Allow product to remain on surface for 6-8 minutes. (5) Manually scrub all corners and edges that the machine cannot reach. (6) Scrub the floor with a machine equipped with appropriate stripping pad or brush. Do not allow stripping solution to dry onto floor. If this occurs, rewet surface with stripping solution and scrub. (7) Pick up the stripping solution with a wet vac. (8) Damp mop area including all corners and edges with clean, water. Allow floor to air dry thoroughly.

COAT: (1) Presoak finish mop in clean, cold water to remove lint, wring water out thoroughly. (Do NOT use any mop that has been contaminated with cleaner or stripper). (2) Place a clean plastic liner into a mop bucket equipped with a wringer. Pour SIMPLICITY into plastic liner. (3) Submerge the mop into finish and wring out until drip free. (4) Frame off an area by drawing the mop in a straight line 4 inches out from all edges. (5) Fill in framed section applying finish in a figure 8 pattern. Re-wet mop as needed to apply at the rate of 2000 square feet per gallon. (6) Follow these procedures and apply first coat of SIMPLICITY to the entire floor and allow to air dry thoroughly. (7) Apply a second coat and all additional coats of finish following procedures outlined in steps 4 through 6. For final coat only, apply finish up to all edges and allow to thoroughly dry.

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / ColorWhite Opaque
OdorGlycol Ether
Shelf Life2 years
FoamingNone
Solubility in WaterComplete
pH8.5 ± 0.5
Specific Gravity0.978 ± 0.005
Storage Temperature.....45-110 °F

FEATURES & BENEFITS

- High Gloss
- Hard and Durable
- Long Lasting
- Minimal Maintenance
- High Performance
