

TRACTION

Quarry Tile Cleaner

PRODUCT DESCRIPTION & BENEFITS

Clean, grease-free floors are safer, and TRACTION really cleans quarry tile floors. TRACTION penetrates and lifts grease and oil from quarry tile, concrete and other hard surfaces. TRACTION was formulated for cleaning the kinds of grease found in food preparation areas. Where high volume production creates the need for on-going clean up, TRACTION works. Out-performs regular and all purpose cleaners. You'll see improved traction after the first use. Continued floor maintenance with TRACTION will help keep kitchen floors clean and grease-free, consequently safer.

DETAILED USAGE & INSTRUCTIONS

DILUTIONS:

Light Soil 1-2 oz./gal.
Medium Soil..... 2-4 oz./gal.
Heavy Soil 4-8 oz./gal.

“SHOCK” CLEAN-UP: Sweep or vacuum floor prior to applying cleaning solution. Apply a generous amount of cleaner to the floor and allow to dwell. Mix 1 part TRACTION with 32 parts hot water (4 ounces per gallon) and mop solution onto floor. Let set 5 minutes. Agitate floor using a deck brush for 3-5 minutes, allowing cleaner to penetrate the surface. Remove soil and residue with a mop, floor squeegee or wet-vac. Rinse floor thoroughly with clean water. Allow floor to dry.

DAILY MAINTENANCE: To maintain clean, grease-free floors, mix 1 part TRACTION with 64 parts hot water (2 ounces per gallon), and mop as needed. TRACTION can be applied to large areas, such as docks, through a foamer. Apply TRACTION, scrub in direction of grout lines with a plastic bristle brush. Spray rinse and squeegee dry.

RECOMMENDED USES: Quarry Tile and Concrete Floors, Kitchens and Food Preparation Areas, Shower Rooms and Bathroom Fixtures, Institutions and Schools

Refer to the product label or contact a Cynamic Chemical Co. professional for additional usage instructions.

TECHNICAL SPECIFICATIONS

Appearance / ColorGreen
OdorLime
Shelf Life2 years
Solubility in WaterComplete
FoamingNone
pH2.0 ± 0.5
Specific Gravity1.0204 ± 0.005
Storage Temperature45-90 °F

FEATURES & BENEFITS

- Penetrates and Lifts Soil From Grouting
- Cleans and Degreases Oils, Greases and Soaps
- Improves Floor Traction; Prevents Slips and Falls
- Can Be Mopped On, Sprayed On or Pressure Washed
